

## **RED ROCK REMODEL (Uptown Enhancement Project)**

The remodeling of the uptown area began on January 3, 2006. This project will address not only handicap accessibility and traffic/pedestrian safety issues but will provide the following positive new features:

- Create a pedestrian friendly atmosphere.
- More accessible pedestrian and wheelchair sidewalks.
- Improved lighting creating opportunities for additional evening use of the uptown area.
- Better public signage helping everyone locate convenient parking areas.
- Sidewalk extensions along Jordan Road and Apple Avenue for additional safety.
- Drainage improvements.
- Five fire hydrants ensuring improved fire safety.
- Hands through History markers depicting the actors and western film history of Sedona.
- Two transit stop shelters in front of the Matterhorn Shoppes and Pink Jeep Plaza.
- Free shuttle service supporting the historic and arts district areas.

The project will be completed in phases to minimize disruption. Check out our website [www.SedonaAZ.gov](http://www.SedonaAZ.gov) and press the Red Rock Remodel button for the latest updates. If you have questions, call the project HOTLINE at 203-5050.

**GOOD THINGS ARE HAPPENING IN SEDONA!**
